

PROPOSED MULTIPLE RESIDENCES FOR CHILD CARE HOME DESIGN PROFESSIONAL STATEMENT

State Form 51476 (R2 / 3-08) / BCC 0100

BUREAU OF CHILD CARE / CHILD CARE HOME LICENSING

New applicants for multiple residences under one roof for use as child care homes must use this form as evidence of a design professional statement as of March 1, 2006. Proper completion of this form meets the requirement of IAC 470 3-1.1-29.5(e) through (i).

CHILD CARE HOME INFORMATION

Name of licensee or applicant	Telephone number ()
-------------------------------	-----------------------------

DESIGN PROFESSIONAL INFORMATION

I meet the definition of a design professional in accordance with 470 IAC 3-1.1-7.4:

☐ I am a Registered Architect _____ or
License Number

☐ I am a Professional Engineer _____
License Number

Place of employment

Address of employer (number and street, city, state, and ZIP code)

Telephone number of Design Professional

DESIGN PROFESSIONAL STATEMENT

The residences at the following addresses are in compliance with the current rules of the Fire Prevention Building Safety Commission for individual residential structures as defined in IAC 470 3-1.1-29.5(e) through (i) and all items on the checklist contained in this form.

If there are no residents in the home, I also affirm the residence is in compliance with the current rules of the Fire Prevention and Building Safety Commission for a "Class 2 structure" * as defined in IC 22-12-1-5.

Address (number and street, city, state, and ZIP code)

County

Address (number and street, city, state, and ZIP code)

Signature of Design Professional

Date (month, day, year)

* Class 2 structures are **NOT** one and the same as the class II child care home described in the licensed child care homes statute **IC 12-17.2-5-6.5**

DESIGN PROFESSIONAL MUST INITIAL EACH ITEM.

- ☐ _____ Must have two (2) separate exits per licensed home.
- ☐ _____ Each licensed home is separated from any other use, including another child care home by a 2-hour structurally independent fire wall constructed in accordance with the Indiana Building Code (675 IAC 13).
- ☐ _____ If there is a door between the residences, the door frame must be fire rated and the door must be one and half (1-½) hour fire rated. Since this is a fire door, it must remain closed at all times.

DESIGN PROFESSIONAL MUST INITIAL THE FOLLOWING SECTION ONLY IF THE SITUATION APPLIES TO THESE CHILD CARE HOME ADDRESSES. OTHERWISE, PUT NOT APPLICABLE IN THE BLANK.

- ☐ _____ If the residence is a duplex and only one (1) side is a licensed child care home then an additional two (2) hour fire wall separation is not required.
- ☐ _____ If an apartment complex building has only one (1) licensed child care home in it then the two (2) hour fire wall separation is not required. If there is more than one (1) licensed apartment contiguously located, then the two (2) hour structurally independent fire wall separation is required.

DESIGN PROFESSIONAL MUST INITIAL THE FOLLOWING SECTION ONLY IF A LICENSED CHILD CARE HOME IS ON TOP OF ANOTHER LICENSED CHILD CARE HOME. OTHERWISE, PUT NOT APPLICABLE IN THE BLANK.

- ☐ _____ A two hour fire resistive ceiling/floor assembly is required for homes that plan to have a licensed residence on top of each other. This would include the floor of the upper level where there is a licensed location and the ceiling of the floor directly below it, even if that floor is not used for the second licensed location. For a basement/first floor of the level directly above the licensed location and the ceiling of the licensed location must meet the requirements for a 2-hour structurally independent fire wall constructed in accordance with the Indiana Building Code (675 IAC 13).

NOTARY CERTIFICATE (SWORN OATH)

Rule 1.1. Child Care Homes

470 IAC 3-1.1-29.5 License provisions

(e) Whenever an applicant applies for multiple licenses located within the same structure or building, a signed statement from a design professional must be submitted certifying that each child care home to be licensed meets the state building code requirements for the proposed use which apply to fire and safety issues. Certification must include any modifications required to comply with the state building code requirements for the multiple occupancies requested.

(f) If two (2) or more licensed child care homes are contiguously located within the same residential structure, each licensed facility must be separated by a two (2) hour fire resistive wall between each licensee.

(g) Whenever an applicant applies for multiple licenses located within the same structure or building, each home must meet the requirements of licensure as independent homes.

(h) Multiple child care homes under one (1) roof which utilize a private well will also be subject to the water testing requirements of 327 IAC 8 whenever twenty-five (25) or more people are present.

(i) Licensees who hold a regular or provisional license upon the effective date of this rule are exempted from meeting the requirements of subsections (f) and (g). (*Division of Family and Children; 470 IAC 3-1.1-29.5; filed Jul 3, 1996, 5:00 p.m.: 19 IR 3063*)

Indiana Code 22-12

FIRE SAFETY, BUILDING, AND EQUIPMENT LAWS: GENERAL ADMINISTRATION

IC 22-12-1-5

"Class 2 structure"

Sec. 5. (a) "Class 2 structure" means any part of the following:

(1) A building or structure that is intended to contain or contains only one (1) dwelling unit or two (2) dwelling units unless any part of the building or structure is regularly used as a Class 1 structure.

(2) An outbuilding for a structure described in subdivision (1), such as a garage, barn, or family swimming pool, unless any part of the outbuilding is regularly used as a Class 1 structure.

(b) Subsection (a) does not include a vehicular bridge.

As added by P.L.245-1987, SEC.1.
